

Title: Research Policy

Code: GU-PL17R

Version: 2.2

Date of Issue: 2018

Effective Date: May 2018

Approval Authority: Board of Trustees

Document Owner: Chair of Research Council

Review: The policy is subject to a periodic review every 4 years or in a shorter cycle as per amendments of regulations and policies

1. Purpose

The purpose of this document is to describe research at Gulf University. It details principles to accomplish scholarly research, publication and various other research activities by academic staff and students at GU.

2. Scope

This document applies to all academic staff, visiting academics, and students at Gulf University.

3. Acronyms

HEC	Higher Education Council
------------	--------------------------

4. Definitions

Academic Publication:

An academic publication is the subfield that distributes academic research and scholarship. Most academic works are published in the form of academic journal articles, books or theses.

Co-Researcher:

A Co-Researcher is the researcher, who engages in research with another researcher as joint contributor to the finding of the research project. Students cannot be designated as Co-Researcher.

Evaluator:

An evaluator is the researcher from the team of main area of research, who evaluates research/project proposals and their achievements of other researchers within the relevant main area.

Lead Researcher:

Lead researcher is the researcher, who leads a research group, takes responsibility for management and completion of the research project, supervises funding and expenditures on the research project, and reports to Gulf University and funding organization (if any).

Researcher:

A researcher is an academic staff member or a visiting academic at Gulf University undertaking research at the University.

Research Team:

A research Team is a group of researchers with interdisciplinary, diversity, integrated competencies, and potential research expertise to ensure the quality of the research.

Scientific Research:

A scientific research is a methodology for investigating and acquiring both new and existing knowledge in systematical way. Scientific research can either be pure or applied.

Student:

A student is any individual who is formally registered in a program offered by Gulf University.

Visiting Academic:

A visiting academic is an academic invited by Gulf University (upon approval from HEC) for a specific period, such as for a semester or an academic year to undertake teaching and/or research in the offered programs.

5. Policy Statement

- 5.1 Gulf University ensures that the research strategy and policy are aligned with “Bahrain Vision 2030” and “HEC National Research Strategy 2014-24.”
- 5.2 Gulf University commits to achieving the indicators and criteria of “Institutional Accreditation” approved by the HEC related to research and innovation.
- 5.3 Gulf University commits to complying with the provisions of “Act No. 22 of the Year 2006”- relating to the Protection of Copyright and Neighboring Rights in the Kingdom of Bahrain, and “Act No. 12 of the Year 2008” - amending article 13 of Act No. 22 of the Year 2006.
- 5.4 Gulf University encourages a responsible research culture, that demonstrates:
 - honest and integrity,
 - ethical behavior in research,
 - acknowledging credibility of others in research,
 - effective communication of research findings.

- 5.5 Gulf University commits to supporting research through its resources and facilities.
- 5.6 Gulf University commits to funding research activities from its own budget in accordance with the regulations of HEC.
- 5.7 Gulf University ensures a clear and transparent mechanism for the expenditure of research budget, and that all expenditure are spent on the purposes set for exclusively as stated in “HEC Regulations of Scientific Research in HE Institutions”.
- 5.8 Gulf University encourages interdisciplinary research teams.
- 5.9 Gulf University commits to developing quality research in collaboration with stakeholders in the community and other research institutions, and encourages commercialization of its outcomes through links with industry and other organizations in the community.
- 5.10 Gulf University commits to reflecting research on education through linking teaching and research activities.
- 5.11 Gulf University ensures timely and responsible dissemination of research findings such as publications, journals, exhibitions, forums and conferences by offering a cooperative environment for researchers.
